Freeman Public Schools Foundation

"Dedicated to preserving quality education, developing a strong future for the students of Freeman Public Schools, supporting education opportunities, and being the catalyst to extend these goals far into the future"

Freeman Public Schools Foundation

*Thank you for
your support!*

The Freeman Public Schools Foundation was first organized in 1992 as the Adams Public Schools Foundation. The name change occurred in 1999 as a result of the Filley and Adams merger into one consolidated school district.

Your tax deductible contribution will help provide graduating seniors with scholarships, funding for special student and/or teacher activities, and other educational projects. A complete list of all previous grants and scholarships can be viewed at: www.freemanpublicschools.org Click on the Foundation link under the Community tab.

Donations can be given in the form of annual cash gifts, trusts, wills, or life insurance. Large gifts may be invested in our endowment fund to be distributed into perpetuity by request of the donor. Please think of the Freeman Public Schools Foundation when considering a memorial contribution.

To date 276 scholarships worth \$125,700 have been awarded to graduating seniors. In addition, 122 grants totaling \$41,072 have been awarded to students and teachers to support and expand educational opportunities at Freeman. A total of over \$166,772 has been awarded.
